WISCONSIN'S 12TH SENATE DISTRICT

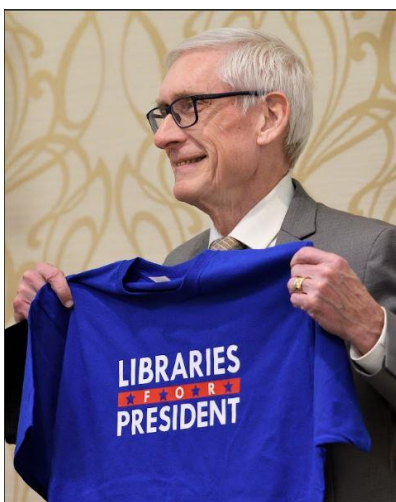

I was incredibly honored to be presented with the Wisconsin Library Champion award by the Wisconsin Library Association!

Being a legislator on the Joint Finance Committee, we get the privilege of working closely with all different kinds of groups and stakeholders in various industries. Working with the libraries is always special because it feels like you aren't just helping one sector or one field of education or healthcare, etc. – it feels like you are helping the entire community.

Libraries are the glue that hold many of our rural communities together, filling gaps as needed and making sure the Northwoods continues to be a great place to live, learn, play, and to raise a family.

A huge thank you to all the libraries in the 12th Senate District!!
